### Statement on Characteristic Spirit

Mountmellick School Community School is a co-educational, multi-denominational, post-primary school under the joint patronage of The Presentation Order/CEIST, The Diocese of Kildare and Leighlin, and Laois and Offaly Education and Training Board (LOETB).

Community Schools provide a comprehensive system of post-primary education open to all the children of the local community. An innovative approach to delivery of a wide-ranging curriculum contributes to the spiritual, moral, mental, physical and social well-being of students within their community. Community Schools may also provide for life-long learning within their local community through the provision of adult education programmes.

Our school was established under the Deed of Trust and opened in September 1990 arising from the amalgamation of St. Mary's College and Mountmellick Vocational School. The values of LOETB as a multi-denominational State Body and the inherited traditions, Christian values and founding intentions of The Presentation Sisters and The Diocese of Kildare and Leighlin are enshrined in the characteristic spirit, in the life of our school and are respected, and cherished. These values combine to provide and support an atmosphere that is conducive to excellence in teaching and learning. We endeavour to assist each student to reach his/ her full potential in a calm, caring and creative environment.

Our values are reflected in how we live as a school community. The unique and intrinsic value of each member of the school community is recognised and respected. All are treated equally, regardless of race, gender, religion/belief, age, family status, marital status, civil status, membership of the Traveller community, sexual orientation, ability, disability or socio-economic status. All students are given equal opportunity for enrolment, in line with the Education (Admissions to School) Act (2018) construed in accordance with section 3 of the Equal Status Act 2000. - (g) the date and time on which an application for admission was received by the school,  
This is subject to the application being received at any time during the period specified for receiving applications set out in the annual admission notice of the school for the school year concerned.

### ***11. Circumstances in which offers may not be made or may be withdrawn***

An offer of admission may not be made or may be withdrawn by Mountmellick Community School where—

- (iii) the parent/guardian of a student, when required by the Principal in accordance with section 23(4) of the Education (Welfare) Act 2000, fails to confirm in writing that the code of behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student; or

### ***13. Waiting list in the event of oversubscription***

In the event of there being more applications to the school year concerned than places available, a waiting list of students whose applications for admission to Mountmellick Community School were unsuccessful due to the school being oversubscribed will be compiled and will remain valid for the school year in which admission is being sought.

Placement on the waiting list of Mountmellick Community School is in the order of priority assigned to the students’ applications after the school has applied the selection criteria in accordance with this admission policy.

Offers of any subsequent places that become available for and during the school year in relation to which admission is being sought will be made to those students on the waiting list,

in accordance with the order of priority in relation to which the students have been placed on the list.

#### ***14. Late Applications***

All applications for admission received after the closing date as outlined in the annual admission notice will be considered and decided upon in accordance with our school's admissions policy, the Education Admissions to School Act 2018 and any regulations made under that Act.

#### ***15. Procedures for admission of students to other years and during the school year***

The procedures of the school in relation to the admission of students who are not already admitted to the school / class groups or year groups other than the school's intake group at the start or end of a particular year are as follows:

15.1 Applications for transfer from other post primary schools are considered where the following conditions are met;

- The full set of subjects and appropriate levels available are suitable to the applicant and the applicant is willing to attend classes in all subjects provided for the class group he/she is joining.
- There is sufficient space in the classes / year group / subjects (i.e. using the maximum class size guidelines as issued by the Department of Education and Science).
- Our school having sufficient and appropriate resources to meet the needs of the applicant.

To assist with the process of transfer of students, applicants from other Post Primary Schools must provide written details of:

- Reasons for transfer.
- Report on attendance, punctuality and behaviour and any previous disciplinary sanctions in transferring school.
- Copies of all school and State Examinations Commission Examination Results.

- Furnish a letter of reference from the Principal of the transferring school to support the application.

Mountmellick Community School reserves the right to refuse an application for admission where:

- The school believes that admitting the student is not in the best interest of the student.
- The school believes that admitting a student would adversely affect the education of the students in its care.
- The student has displayed a significant disregard for the student's previous school's code of behavior;
- The student has engaged in illegal activity
- The school believes that admitting the student would pose serious risks to the health and safety of the students in its care or staff members.
- Misleading or inadequate information was provided to the school.
- Parents / relevant personnel refuse to engage in appropriate communication as required by the school to facilitate transition to the school

This list is not exhaustive.

In this instance, the school refers to the Principal / School management or to the Board of Management as per the level of application of this policy.

Students transferring to Mountmellick Community School after the 1<sup>st</sup> November are usually only considered unless relevant factors including relocation renders it impossible to continue in their current school

15.2 The school will enrol students into Transition Year following a review of the application form and an interview process designed to ascertain the suitability of the applicant for T.Y. In certain cases, a second interview may be required. Any combination of the following will interview the applicants: The Programme Coordinator, Principal, Deputy Principal, 3<sup>rd</sup> Year Head. The school will also take into account the student's experience in school-life to date. A student can be transferred from Transition Year to Fifth Year up until October 1<sup>st</sup> of the academic Year. The cost of Transition Year will be outlined as soon as is possible to parents and a deposit and installment scheduled will be set up.

15.3 LCVP requires students to have a particular combination of subjects, as laid down by the Department of Education & Science. It is practice in this school to encourage students who qualify for LCVP to participate in it subject to it being the most appropriate option for their Senior Cycle education.

15.4 Entry to specific subjects at Senior Level will be determined by the subject choice process, where students indicate their preferred options and the school allocates classes. Subjects will only be offered if there are a minimum number of applicants for it. In normal circumstances this will be a minimum of 10 students but exceptions can be made. Other criteria to be used include

- The student's previous performance at that subject.
- The student's performance in the State Exams where available will also be considered.

15.5 Entry to specific subject levels will be determined by the student's previous performance at that subject; their results in State examinations where available will also be considered. Subject departments may hold exams to ascertain appropriate levels which made lead to a change of level.

15.6 Requests to transfer from one class to another, within the same subject and level cannot be granted by school management. The Board of Management may consider and make a transfer, if circumstances arise, that it is considered in the best interests of the student and teachers involved.

15.7 The school strongly discourages changes of chosen option subjects and it is best if all research of subjects by students is done before the start of the school year. The school will allow subject choice changes in 1st year and in 5th year up until the October Midterm Break only. Any work missed out on due to a subject change is the responsibility of the students to complete and the teacher that accepts the late entrant can specify the work needed to be completed by a reasonable date. The student must make a commitment to complete any work missed as part of the acceptance into the new class. In exceptional circumstances, with the Board of Management's approval, a student may change options after the above dates.

15.8 The school will make every effort to accommodate students who wish to repeat the Leaving Certificate. However, this will be subject to:

- The repeat year being in the best interest of the student
- The required subject options being available.
- The curricular restrictions of each subject area.
- Being in accordance with Department of Education and Science Circular M02/95
- The student completing a full "set" of subjects

Students will not be considered to repeat the Leaving Certificate after October 1<sup>st</sup> of the academic year. Students wishing to repeat the Leaving Certificate should submit a letter of application outlining the reasons for wishing to do so. An interview will take place with the applicant to discuss the matter and to determine if it is in the best interests of the student and the school to facilitate the application. The commitment outlined at the interview must be maintained, if admitted, during the course of the year. Parents / Guardians are required to submit the name, address and phone no. of the previous second level school attended by the relevant prospective student.

Prospective students who have completed the Leaving Cert. in another school will be required to submit a copy of their results if published, before admission is granted. If the results are pending, these results must be submitted the day after they are published by the Department of Education and Skills.

In deciding whether a student will be allowed to repeat, the following will also be considered:

- The student's application to his/her academic studies during his time in the school / previous school.
- Any previous breaches of health & safety regulations or codes of behaviour.
- Any previous interference with the learning of other students.

In general, repeat students will have access to extra and co-curricular activities and will carefully consider their involvement in same to facilitate academic improvement. At the start of the year an individual student may submit a request in writing to the repeat Leaving Certificate interview sub-committee, which will include any combination of the Year Head, Principal and Deputy Principal, outlining why it is in the best interest of the student to be granted access to no more than two extra/co-curricular activities. Factors to be considered by the sub-committee will include attendance, punctuality, application, compliance and progress during the course of the year. As is the case in all year groups, catching up on work missed due to absence caused by their participation in these activities is the responsibility of the student. This is achieved primarily by students finding out about, completing and submitting the homework that was assigned while they were absent and is compulsory if involvement is to continue. The procedures of the school in relation to the admission of students who are not already admitted to the school, after the commencement of the school year in which admission is sought, are as follows:

15.9 International students may be accepted for enrolment, upon application, provided the school has verified the identity of the student and that the application is made by a parent/guardian. Applicants will be accepted on the basis of the information provided by parents/guardians or by relevant agencies, on the same basis as for other international

students. Additional English language teaching will be provided only where the Department of Education and Science provide relevant additional teaching resources.

#### ***16. Declaration in relation to the non-charging of fees***

The Board of Mountmellick Community School or any persons acting on its behalf will not charge fees for or seek payment or contributions as a condition of-

- (a) an application for admission of a student to the school, or
- (b) the admission or continued enrolment of a student in the school.

**Note:** Exceptions apply only in relation to fee charging post primary schools, the boarding element in Boarding Schools and admission to post leaving cert or further education courses run by post-primary schools.

#### ***17. Arrangements regarding students not attending religious instruction***

Mountmellick Community School offers religious education in all year groups as it promotes the holistic development of students and can contribute positively to their wellbeing in line with the principles of the Junior Cycle and Senior Cycle Frameworks and in the spirit of the Deed of Trust. It facilitates the intellectual, social, emotional, spiritual values and moral development of students and encourages respect for all members of our school communities. In addition, religious education supports the ‘multi-denominational’ aspect of our school’s ethos as it provides opportunities for students to engage with questions around their own religious or non-religious beliefs and those of their peers.

In this context, it is important to understand the distinction between ‘religious education’ and ‘religious instruction’:

- Religious education is open to all pupils regardless of their commitment to any particular religion or worldview. It seeks to contribute to the spiritual and moral development of all students equally.
- Religious instruction is instruction in accordance with the rites, practices and teachings of a particular religion or denomination for pupils of that religious tradition.

Given that Religious Education, as distinct from Religious Instruction, is timetabled across our school at all levels, the legal requirement to advise of the option to opt-out of religious instruction does not arise.
